Last Updated Wednesday, 20 June 2007

The JLEDC currently is relying on contributions of volunteer time, ideas and resources from both members and non-members to work toward achieving its goal of balanced economic health for the June Lake area. If you have time, talent or other resource that you can contribute to our efforts, please join in.

All of the work that has been done to date is through volunteerism and donations: there are no paid staff members/employees. There are also no dues or fees levied from members.

For membership information please attend one of our meetings. It is considered that applications for membership may soon be accepted by mail and/or internet. You are welcome to subscribe to our general mailing list (see homepage)

Monetary Donations:*

Here is a convenient, secure method for those who may wish to donate funds in any amount to the JLEDC:
